SPARKLE NUTRITION

is here!

Club Sparkle USA is excited to introduce SPARKLE NUTRITION — a modern affiliate-based platform designed to complement the company's existing business model while expanding opportunities for customers and VIP members.

Sparkle Nutrition was created as an additional path within the same trusted company and product line

you already know. Sparkle Nutrition is not replacing Club Sparkle. It is an additional, modern path designed to provide a simpler and more flexible way for individuals to share products, reach new audiences, and earn commissions through digital and social channels. Sparkle Nutrition operates alongside the existing Club Sparkle structure, giving current VIP members the opportunity to participate in both!

two paths WITHIN THE SAME BRAND

While both programs operate within the same ecosystem, each offers a distinct experience designed to serve different types of participants.

Club Sparkle continues to focus on its VIP membership model, which includes an autoship commitment and offers members the opportunity to build long-term income through the established business structure. The program emphasizes community, relationships, and leadership development for those looking to fully commit to the business model.

Sparkle Nutrition offers a flexible affiliate program with no autoship requirement, allowing customers to purchase products at a discount without registering as VIPs, and is designed for those who want to share products, earn commissions, and grow their income through a simpler, more straightforward model that supports social sharing, increased visibility, and reaching new audiences.

Club Sparkle offers long-term income potential through team-building and leadership bonuses, while **Sparkle Nutrition** focuses on direct referral-based earnings.

PRODUCT LINE AND PRICING

Sparkle Nutrition features the company's core product lineup, with pricing aligned with Club Sparkle VIP membership rates.

Club Sparkle VIPs may continue to offer personalized service, bundles, and customer support that go beyond standard online purchases.

STEP INTO YOUR SPARK

April is the month to stop playing small. No more waiting, no more “I’ll start tomorrow.” It’s time to step into your spark and own your energy, your choices, and your momentum. **This month isn’t about doing everything perfectly—it’s about doing the things that move you forward, even if they feel uncomfortable at first.**

Use April as your playground for possibilities. Try new routines, reach out to someone who inspires you, or tackle a goal you’ve been avoiding. Each step you take builds confidence and reminds you of your potential. Action fuels belief, and belief fuels results—so start small, start bold, just start.

Pay attention to your mindset, because the way you think shapes the way you act. Replace “I can’t” with “I will try” and “maybe later” with “why not now?” Your attitude is contagious: **bring positivity into your days, and watch it ripple into everything you do.**

This month, focus on creating momentum, not perfection. Celebrate wins, no matter the size, and keep moving forward. Your spark isn’t just a feeling—it’s a choice you make every day. Choose it this April, and let it shine brighter than ever.
