OCTOBER IS PROOF THAT CHANGE CAN BE BEAUTIFUL

EMBRACING NEW SEASONS, NEW HABITS, AND THE BEAUTY OF BECOMING.

October makes change impossible to ignore. The air begins to cool, the days grow shorter, and the colors around us slowly transform. Yet there is something beautiful about watching one season make way for another. It is a reminder that change does not always have to be something we fear or resist. Sometimes, change is simply a sign that it is time for something new.

In our own lives, we often hold tightly to what feels familiar, even when we know we are ready to grow beyond it. We stay committed to old routines, habits, expectations, and even ways of thinking because stepping into something different can feel uncomfortable. But growth asks us to be willing to change. The person you are becoming may require different choices than the person you were at the beginning of the year.

As October settles in, consider what you are ready to do differently. Maybe it is taking better care of your body and mind, becoming more intentional with your time, letting go of a habit that has been holding you back, or finally giving your attention to something you have been putting off. Change does not have to happen all at once to be meaningful. Often, it begins quietly with one decision that leads to another.

There is still plenty of time left in the year to grow, adjust, and create something different for yourself. Allow this season to remind you that you are not meant to remain exactly the same year after year. Some chapters will end, priorities will shift, and new versions of you will emerge along the way.

**THIS
OCTOBER,
DON'T BE
AFRAID OF
CHANGE.
GIVE
YOURSELF
PERMISSION
TO SEE THE
BEAUTY IN
BECOMING
SOMEONE
NEW.**

Discover a vibrant way to support your daily routine

Boost your wellness naturally with *NECTURA*

Modern lifestyles can often leave us feeling tired, stressed, and lacking balance. Between busy schedules, processed foods, and environmental stressors, many people are searching for simple ways to support their wellbeing from the inside out. That is where Nectura comes in.

Designed as more than just a juice, Nectura combines fruit extracts, botanical ingredients, minerals, and antioxidants into one concentrated wellness supplement aimed at supporting energy, vitality, and everyday nutrition.

Boost Your Immune System

Natural Cleansing

Sharp Mental Focus

120 Ingredients Superfood

wellness that fits into modern life

Manufactured in an ISO-9001 and GMP-certified facility in the United States, Nectura is developed for the global market and formulated to meet Japan's high regulatory standards and consumer expectations. It positions itself as a premium wellness product focused on convenience, nutrition, and daily vitality.

nourish your body naturally

Packed with over 47 plant nutrients and antioxidant extracts, Nectura blends ingredients such as goji berry, blueberry, açai, mangosteen, pomegranate, aloe vera, green tea, and cranberry into a rich concentrated formula.

These naturally derived ingredients are known for containing vitamins, phytonutrients, and antioxidant compounds that can help support a balanced lifestyle and healthy daily nutrition.

The formula also includes:

- 72 ionic natural minerals
- Organic germanium (GE-132)
- Botanical extracts and herbal ingredients

support your antioxidant lifestyle

ORAC value. ORAC, or Oxygen Radical Absorbance Capacity, is a method used to measure antioxidant potential against free radicals associated with oxidative stress.

Nectura achieved an ORAC value of over 144,000, positioning it among the highest in its category.

Antioxidants are commonly associated with helping the body protect itself from daily environmental stress and supporting overall wellness and vitality.

One of the standout features highlighted by the product is its exceptionally high

pure ingredients for everyday wellbeing

Nectura emphasizes a clean and natural approach to supplementation. The product is described as:

- Free from trans fats
- Non-GMO
- Made without artificial colouring or flavouring
- Produced without irradiation sterilisation
- Made without harmful additives

Its concentrated berry flavour also makes it versatile and enjoyable for the whole family.

With its fruit-based formula, antioxidant-rich profile, and flexible usage, Nectura aims to bring together flavour and wellness in a single supplement designed for modern lifestyles.

LOOK YOUNG. FEEL YOUNG. BE YOUNG.

DISCOVER WHAT PEOPLE ARE SAYING ABOUT *NECTURA*

Want to learn more about Nectura from people who have incorporated it into their own wellness routines? Our **NECTURA TESTIMONIALS** brings together personal stories from Club Sparkle members and Advisory Council members who share their experiences with Nectura and what led them to make it part of their everyday lives.

WHAT PEOPLE ARE SAYING ABOUT NECTURA

Florita Bautista

"Five years ago I developed asthma and was constantly carrying medication with me. After I started taking Nectura and EverYoung, everything began to change. Within six months, my symptoms started disappearing. With EverYoung, no more cramps, no more being tired, and with my asthma, that is the best thing. Now I carry my medication just in case, but thank God I haven't needed to use it."

Dr. Stella Lau

"I was very fortunate to work with a pharmacist, and he was going the more natural route, and he did a lot of research into just natural solutions for health and disease. That's where I started learning about more natural ways and how the body needs to be in balance to cure disease and give back health. The first product I was introduced to was the Nectura, and out of the 47 phytonutrient and antioxidant extracts, I had done research on 40 of them myself, and I was really excited to see it all in each good quality and concentration, all in one product. Knowing the science behind all of the products and how it works with the body, and really just helps the body holistically heal itself—that was really what drew me, and that's what I use to recommend the products not just to patients, but to friends and family."

Alice Smith

"Before I started taking Nectura and EverYoung, I suffered from serious food allergies—a fact to which my husband can definitely attest. No matter what I ate, I would develop welts every evening across my back, shoulders, and upper arms. They were red, swollen, and extremely itchy. I was miserable! It was rare for an evening to pass without experiencing this condition."

Once I began using the Club Sparkle products, the first thing I noticed was a significant change: the welts were far less pronounced and numerous, and the itching began to fade. After about a month, I told my husband that the affliction was completely gone! He called it nothing short of a miracle, but I witnessed how distressed and despondent the condition made me feel."

I'm now a true fan of the Sparkle products and recommend them to others without hesitation. While I can't guarantee they'll work for anyone else, I can say with absolute confidence they have made a remarkable difference in MY life. As an added bonus, I now have more energy to take everything in my very busy life!"

Chef Wai Aung

"When I started tasting Nectura I didn't know anything about the products. I had to keep trying and trying on my recipe. I made one recipe, tested it, made another recipe and I tested it. The reason I'm doing it is because all of the ingredients and all of the nutrition is in one bottle allowing you to do so much. I kept incorporating Nectura into everything—marinade, dressings, reductions, and it turns out delicious! I'm sure everyone can try Nectura with all different kinds of recipes. Add it in the recipes that you like to use. A lot of people are trying to eat healthy, so this is a great ingredient for me to use in the kitchen. I think Nectura is great."
